Mission Statement

"Our goal is to provide a pleasant experience to our clients in a comfortable atmosphere, a place where beauty, scientific knowledge and personalized attention combine to create a rejuvenating experience"

Dr. Kamlesh Kothari MDS, DNB (Associate Professor) is a Facio-maxillary, Craniofacial Surgeon and Dental Implantologist from Chennai. He is a Diplomate of the National Board in the field of oral and maxillofacial surgery. He has settled down in Kolkata and is a visiting consultant to leading hospitals in Kolkata.

He is the first implantologist in Eastern India to be certified as a fellow in implantology by Nobel Biocare (Sweden). He is an expert and leading faculty in the field of facial plastic surgery and dental implants and lectures extensively on his subjects. He heads the only dedicated implant training academy for practicing doctors in this part of the country.

He is the Chief Cranio-facial Surgeon and Project Director (Swiss Cleft Centre), approved and recognized by Cleft Children International - Switzerland. He is the Chairman of Bhagwaan Mahaveer Cleft Foundation which offers free treatment for cleft lip and palate patients. His facial surgical expertise lies in facial cosmetic surgery, jaw profile correction surgery and anti-aging procedures.

Eastern India's first & only "Dento-Facial MEDSPA"

Aesthetica is a unique medical concept which is a first in Eastern India and only the third in the country, where facial beauty related medical disciplines come together **under one roof** with the sole aim of providing holistic facial (surgical/non surgical) and dental care in a synergistic manner.

Aesthetica focuses entirely on medical and beauty related needs of the oral, dental and facial region including laser skin treatment. Also it is the only centre in eastern india to offer training courses for dentists in dental implants. The centre offers fully integrated services in an ambient boutique clinic environment-spread over a 1750 sq. ft area of comfort zone where ... *"Art Meets Science"*
